MARKET CONDITIONS

I am sharing with you the Altos Market Trend Report. This is a weekly report provided to me that can shed light on the health of our market. I use the same week of each month that I prepare my Monthly Market Update to help inform you of the trends in our market. The Market Action Index (MAI) answers the question "How's the Market?" by measuring the current rate of sale versus the amount of the inventory. Index above 30 implies Seller's Market conditions. Below 30, conditions favor the buyer. Watch for changes in MAI. If the MAI resumes its climb, prices will likely follow suit. If the MAI drops consistently or falls into the Buyer's zone, watch for downward pressure on prices.

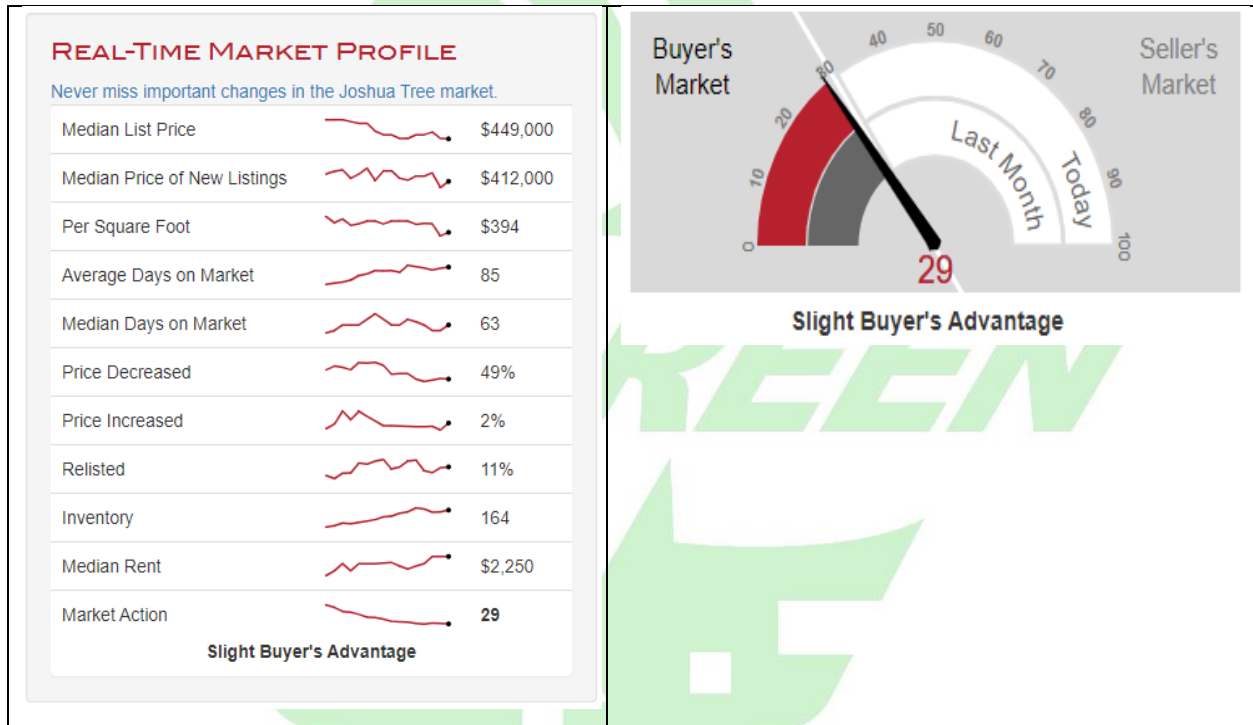

YUCCA VALLEY:

This week the median list price for Yucca Valley, CA 92284 is \$449,999 with the market action index hovering around 32. This is less than last month's market action index of 34. Inventory has decreased to 197. The market has been cooling over time and prices plateaued for a while. Despite the consistent decrease in MAI, we're in the Seller's zone. Watch for changes in MAI. If the MAI resumes its climb, prices will likely follow suit. If the MAI drops consistently or falls into the Buyer's zone, watch for downward pressure on prices.

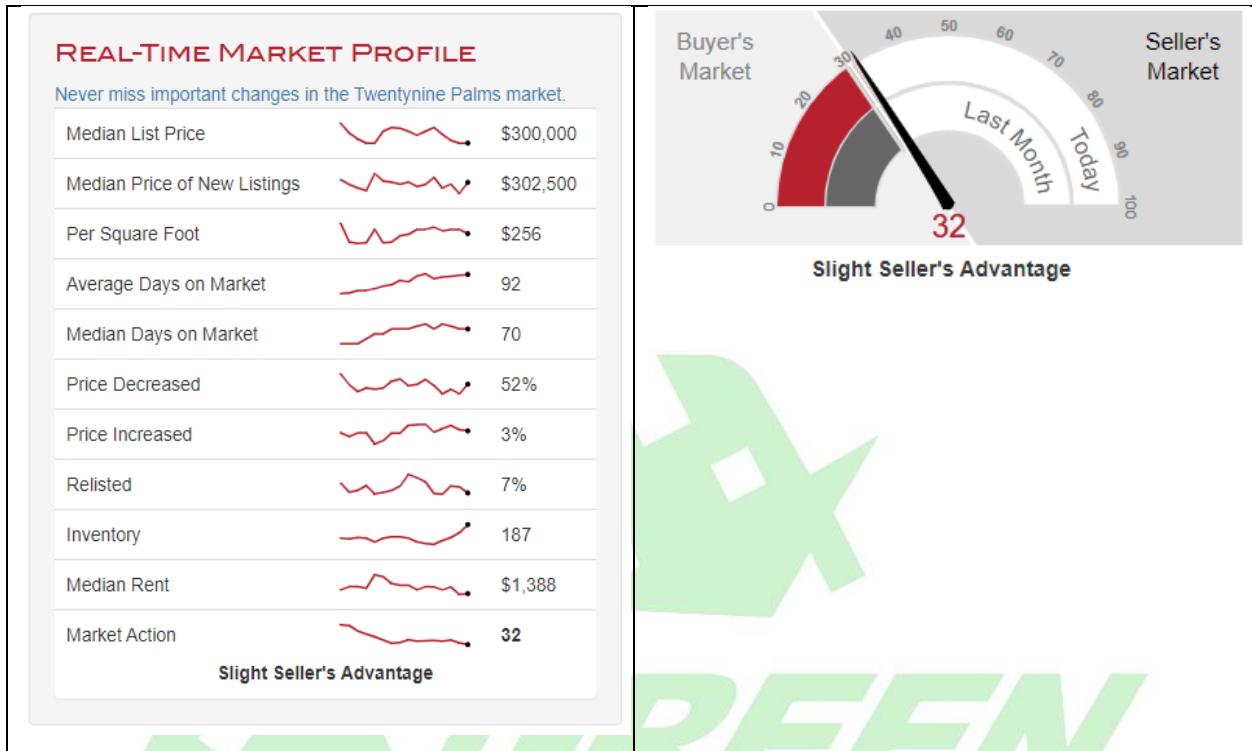

JOSHUA TREE:

This week the median list price for Joshua Tree, CA 92252 is \$449,000 with the market action index hovering around 29. This is about the same as last month's market action index of 29. Inventory has decreased to 164. The market has shown some evidence of slowing recently. Both prices and inventory levels are relatively unchanged in recent weeks. Watch the Market Action Index for changes as it can be a leading indicator for price changes.

TWENTYNINE PALMS

This week the median list price for Twentynine Palms, CA 92277 is \$300,000 with the market action index hovering around 32. This is about the same as last month's market action index of 32. Inventory has increased to 187. The market has been cooling over time and prices plateaued for a while. Despite the consistent decrease in MAI, we're in the Seller's zone. Watch for changes in MAI. If the MAI resumes its climb, prices will likely follow suit. If the MAI drops consistently or falls into the Buyer's zone, watch for downward pressure on prices.

If you would like to better understand the math and dynamics of our local market, text, email, or call and let's discuss your questions and concerns. I can find a winning strategy for you in any market.

Sincerely,

Bob Armstrong
